Today marks two months since the budget took effect and @GovWhitmer did a press conference about her decisions. In that time I've thought about this prescient question from @ZachGorchow nearly every day.

> Zach: How do you weigh the risk that the republicans could decide 'hey, thanks for the cuts, Governor small government is good. We're moving on. We'll see you next March.
>
> Governor: [illegible] could happen. And that's why we made the decisions that we made. And if they choose to do that, then it's going to be on them. The consequences of it will be real. It will be serious. We're going to do everything we can to mitigate them, but this is a legislature that took general fund money line out of important functions, critical functions of state government, so they could have a talking point road plan. And the fact is, the math is my job. Yes, I have to work with legislature in a budget. But we've got, in state government, hyper phenomenal directors, 40,000 dedicated state employees. We feel very strongly about our mission. And we are going to continue to work with the legislature.

Eg.1 Lied about climate change
2 Lied that Ukraine call was "perfect"
3 Lied that the economy is the best in history
4 Lied 235 times about his border wall

Do you hold Trump to these same standards? I'll see your two examples and raise you as much as you want.

Eg.1 Lied about climate change

2 Lied that Ukraine call was "perfect"

3 Lied that the economy is the best in history

4 Lied 235 times about his border wall

2

SocialistJabba @JabbaSocialist · Jan 14

5 Lied over 100 times that he passed the biggest tax cut in history

6 Lied that US lost money on trade defects

7 Lied about Stormy Daniels

8 Lied about mass shootings

9 Lied about speaking to Russians about election meddling

10 Lied about Warren's healthcare plan

Just a general public service announcement before a new state government myth takes root

The crumbling two-lane roads featured in this dark money-funded TV ad promoting @GovWhitmer's bonding plan aren't the type of roads that will get fixed by the bonds

It's no secret @realDonaldTrump had a problem with how some in the NFL disrespected our flag, our National Anthem, our military & our police.

But when the President had concerns about criminal justice, he didn't kneel.

He did something about it.

For 5 months, I've told tens of thousands of Republicans why I believe Donald Trump is unfit to be President. Last night, I stood in front of 3,000 Iowa Republicans & said the same thing. Almost all of them disagreed with me.

Clearly, I don't belong in Trump's Republican Party.

All-time low unemployment, historic support for HBCUs & criminal justice reform.

Four years ago, some at @CPAC outrageously planned to disrupt @realDonaldTrump's '16 speech, sadly forcing its cancellation.

But let's be clear:

Tomorrow, #Trump will enter #CPAC as the man who has saved our movement and nation. He's owed an apology--and our thanks.

I love how Trump just pointed at a reporter in the front row, holds up his hand, looks at him a second time and says.. "Quiet.. Quiet.."

That's how you know Daddy is in charge! The Media can't stand that he doesn't kiss their asses... I love every single minute of it..

I would really like a president that answers questions(the tough ones too) I would like even more if they answer questions honestly. Remember, he is not our Daddy. He literally works for us. You just forget that because he has done so little to help

Some questions are gas lighting and the media wants to make the news cycle He was up there 90 min yesterday, that s overkill IMO Everyday he s having a press conference

It is completely reckless to play partisan politics at the expense of millions of hardworking Americans.

Why must Michiganders and their livelihoods continue to suffer because of Peters and Schumer's D.C. parlor games?

President Trump just now: "This is not the flu." Three weeks ago:

> **Donald J. Trump** @rea Dona d Trump
> So last year 37,000 Americans died from the common Flu. It averages between 27,000 and 70,000 per year. Nothing is shut down, Life & the economy go on. At this moment there are 546 confirmed cases of CoronaVirus, with 22 deaths. Think about that!

The last 2-3 years of Obama were like a constant dark dread. Afraid to speak openly. Afraid of the overtly hostile 'progressives' in our small city. Afraid of what we knew h's gov't was doing. Like waiting for our door to be kicked in every day. The dark dread is gone.

The same people cheering for the arrest of American citizens for paddle boarding alone & going to church etc are the same people that think it's a brilliant idea to release criminal pedophiles back into society early.

If you're one of these people reevaluate your life!

We're getting inundated at Gongwer from readers pleading for @MichiganHHS to gather and publicly release the number of people who have tested positive and then recovered from COVID-19. We continue to ask for this information and are told it is not available.

Zach what's your thought on how "recovered" is defined? Obviously not all the positive cases are hospitalized so I'm just wondering how we would define and track a stat like this. Just genuinely curious about how you're thinking about it. Thx!

Bernie Sanders is OUT! Thank you to Elizabeth Warren. If not for her, Bernie would have won almost every state on Super Tuesday! This ended just like the Democrats & the DNC wanted, same as the Crooked Hillary fiasco. The Bernie people should come to the Republican Party, TRADE!

There's been virtually no traffic outside the Capitol in Lansing during the stay-at-home order. Bringing enough cars to cause a traffic jam was an intent of the protest.

They're upset the governor is thinking in terms of what jobs are "essential" or "non-essential," instead of considering whether a job can be done safely. If workers are able to use proper social distancing practices on the job, we believe they should be able to earn a living.

Recap:
1/5000th of the state.
They did not camp out for days, weeks, months.
They did not defy police and brave tear gas.

A few hours in their cars. A few misspelled signs.
Arby's. Their couch. Angry mutterings.

They do not represent the people of Michigan.

Acknowledged Facts. MPHI has entered into a contract with the Michigan Department of Health and Human Services (MDHHS) to support contract tracing of Coronavirus 2019 exposure through the use of volunteers ("Funding Source Agreement"). MPHI desires to subcontract with Subcontractor to provide services necessary for MPHI to carry out its obligations under the Funding Source Agreement. This agreement constitutes a vendor relationship.

2. **Subcontractor Services.** Subcontractor shall perform the services described in Exhibit A. Subcontractor shall perform the services in compliance with all terms of the Funding Source Agreement. In the event of a conflict between the Funding Source Agreement and any term in this Agreement, the Funding Source Agreement shall control. A copy of the Funding Source Agreement is attached to this Agreement as Exhibit C. Subcontractor shall provide the necessary administrative, professional, and technical staff for performance of the services.

3. **Term of Agreement; Termination Without Cause.** The Subcontractor shall begin providing the services described above on April 1, 2020 ("Start Date") and shall continue those services through the End Date or the date of termination, whichever occurs first. No service shall be provided and no costs to MPHI will be incurred prior to Start Date or the Effective Date of the Agreement, whichever is later. Either party may terminate this Agreement at any time without cause by giving thirty (30) days advance written notice to the other party. Termination under this section shall not prejudice either party's remedies for any breach occurring before termination. No costs to MPHI will be incurred after the date of termination or End Date, whichever occurs first.

4. **Payment.** Payments shall be paid according to the program budget or schedule attached as Exhibit B.

5. **Reimbursement and Return of Funds by Subcontractor.** Upon termination of this Agreement, Subcontractor shall immediately return to MPHI any funds in the Subcontractor's possession that Subcontractor has not earned or is otherwise not entitled to keep under this Agreement. If any court or governmental agency orders MPHI to return any grant funds, Subcontractor shall return to MPHI on demand any portion of those grant funds that were paid to Subcontractor.

I m not an attorney and haven't asked any about this. but what meant is that a requirement without a penalty seems to basically be a strong recommendation. The state says you should wear a mask in an enclosed public space but sn't going to arrest or fine you for it.

Apparently @GovWhitmer believes she is a duly elected dictator of a socialist country. The people of Michigan need to stand up to her. Open your businesses. Go to work. The police think she's crazy too. They are not going to arrest 10,000,000 people for going to work.

Candace Owens fan or not, you should be shocked and disturbed that she was suspended by Twitter for this.

In a few years, you will be banned from Twitter for saying that you believe in private gun ownership or that Jesus is the only way to heaven.

WOW!! Twitter has BANNED me for telling Michigan residents that they should go to work.
To be clear— Governor Whitmer is breaking the LAW, by defying the VOTE of her state legislature to re-open businesses. The Sherriff departments have even written saying that they will protect the citizens, uphold the constitution and defy her executive order.
Why on earth would a tweet telling people to GO TO WORK, be a violation of twitter rules?
This is an abomination of our first amendment rights!

Gov. Whitmer says she's "not thinking about politics", but we all know that's not true.

From her 50+ national tv appearances to VP fluff pieces — it seems like politics is ALL she's focused on.

We deserve a full-time Governor, not someone focused on their next magazine profile.

You realize the video is in the article right people can actually watch it. He literally said they don't need weapons to protest, police are beating the sh*t out of Americans all across the nation.

Also Sheriff Clarke was at that event in Michigan, not one SHOT was fired.

Well assuming its the poll I assume it is, Detroit Regional Chamber polls a very small cherry picked group of people (600 or less) and asks leading questions regarding Whitmers performance.

600 is a fine sample size, that is +/ 4% 95% of the time That is mathematically sound

Panel surveys are also sound, assuming they are assembled leg timately.

I don t know the questions so can t speak to that.

1 1

Hans 100 @DadBodHans May 5
No, 600 is not a good sample size for a popul ation of just under 10 million The sample a so comes from a predominantly liberal biased area. Thats not an accurate measure. A more accurate sample would be acquired from 20-30 individuals from every county in the state

Huge news!

The Pennsylvania Supreme Court just handed us a big victory, throwing out a left-wing lawsuit to allow ballots to be counted AFTER Election Day.

We will not let Democrats destroy the integrity of our elections by opening the door to voter fraud!

If state govt doesn't soon allow small & seasonal businesses to reopen safely, many of these employers will close permanently. Replacing a web of vague/constantly changing Exec Orders with a fishnet of impractical state regulations won't solve the problem.

Jesus so many people lack critical thinking skills. No surgeries, normal doctors appointments, and special tests That's a ton of folks that work in those areas. We can t risk the safety of folks that would be accessing these services It s not rocket science.

We can do both
In many places where the outbreaks were, emergency temporary hospitals were fabricated and hospital ships were sent to accommodate a potential overflow
Meanwhile, Governors sent sick elderly back to nursing homes that nfected the most vulnerable.

I've never been a fan of Matt Lauer but if a story is going to be told it should be based on verifiable facts not sensationalism to sell books. Matt knows he messed up and owns it that's enough of a story without embellishing it.

Another stay at home EO at 5 pm on a Friday before a holiday weekend that even the press are dubbing a “news dump”, has proven that Governor Whitmer lacks any true leadership.

The people of Michigan deserve better than a “Pinterest” page from the governor.

It’s disgraceful.

fact check:

mail-in balloting has already been a thing for decades

dozens of states already use mail-in ballots

the amount of voter fraud over all this time has been a rounding error away from zero

Dear Leader has seen his internal polling

Michigan would have:
+ A plan to protect the vulnerable in nursing homes & assisted living from COVID-19 spread
+ Unemployment payments for those still waiting.
+ An opening plan based on metrics

A great way to reform the police would be to get rid of public unions, which make it nearly impossible to fire someone like Derek Chauvin. Same goes for teachers unions that wreck public schools. But Dems will never, because they rely on them for support. Their outcry is a farce

I love people who think they have the corner on how a Bible should be used?! This "Father" will someday stand in judgement just like the rest of us and explain his criticism of anyone holding a bible.

Someone capable of seeing the nuance of the situation would acknowledge that there are both peaceful protestors protesting and rioters taking advantage. Dealing with them the same way is what makes you an unfit douche bag. It also sets up the next bad cop to strangle a black man

But Trump is leading the great American comeback.

Isn't that how it works. You count the job lost when they leave and added when they return.
You just want them count lost when they leave and then zero added when they return. I'm sure this makes perfect sense to you, but it's not logical

Joe Biden actually proposed a bill to give the Police $300 million. Next time you try to attack your opponent, maybe you should do some research first

Black Lives Matter @HKrassenstein · 4h
This is directly from Joe Biden's campaign page:

"Biden will reinvigorate the COPS program with a $300 million investment."

Trump is now just saying anything he can to try and make Americans think that Joe Biden is something he is not. Trump is so desperate!

- **Reinvigorate community-oriented policing.** Policing works best when officers are out of their cruisers and walking the streets, engaging with and getting to know members of their communities. But in order to do that, police departments need resources to hire a sufficient number of officers. Biden spearheaded the Community Oriented Policing Services (COPS) program, which authorized funding both for the hiring of additional police officers and for training on how to undertake a community policing approach. However, the program has never been funded to fulfill the original vision for community policing. **Biden will reinvigorate the COPS program with a $300 million investment.** As a condition of the grant, hiring of police officers must mirror the racial diversity of the community they serve. Additionally as president, Biden will establish a panel to scrutinize what equipment is used by law enforcement in our communities.

#baizuo Word of the year

baizuo

Baizuo (pronounced 'bye-tswaw') is a Chinese epithet **meaning** naive western educated person who advocated for peace and equality only to satisfy their own feeling of moral superiority. A baizuo only cares about topics such as immigration, minorities, LGBT and the environment, while being obsessed with political correctness **to the** extent that they import backwards islamic values for the sake of multiculturalism

The Chinese see the baizuo as **ignorant** and arrogant westerners who pity the rest of the world and think they are saviours.

We have 50 million unemployed people. Whether it's Trump's fault or not, there's no way he's getting re-elected unless Democrats do something stupid like nominate a guy who can't form complete sentences or burn down every American city.

We are working toward a more just society, but that means building up, not tearing down.

Joining hands, not hurling fists.

Standing in solidarity, not surrendering to hostility.

This is only possible if we listen to one another, not censor strong and unifying messages!

Matt Montana @montanaman842 · 3h

Maybe you can explain it to me then? I'm not understanding

1

Shawn Steele @ShawnNSteele · 3h

Well let's start with the obvious, did she, at any point, justify what was done or say the cop was innocent?

1

Matt Montana @montanaman842 · 3h

Not directly no I'm failing to see how a cop killing someone he knows is different than him killing someone he doesn't know.

3

Shawn Steele @ShawnNSteele · 3h

None of the other definitions of 1st degree murder really fit, so have to assume premeditation that kinda means they must've know each other previously for him to have that premeditation

Exactly. A cop stopping a stranger and then killing him because of racism and anger is a horrible crime. A cop stopping someone he personally knows and then killing him opens a whole new window of pre meditation, or crime of passion. Like a grudge

🚨 Just sent letters to the Democrat governors of NY, NJ, CA, PA, and MI demanding they explain why they ignored protocols and forced COVID-19 patients into nursing homes.

The outcome was devastating.

Families who lost loved ones deserve answers. This tragedy was avoidable.

The Honorable Andrew M. Cuomo
Governor of New York
NYS State Capitol Building
Albany, NY 12224

Dear Governor Cuomo:

The ongoing COVID-19 pandemic has disproportionately affected the elderly, especially those living in nursing homes and other long-term care facilities. We write seeking information, at a granular level, about the actions and information used to inform your decision to mandate nursing homes and long-term care facilities admit unproven and unapproved COVID-19 patients from hospitals. This decision likely contributed to the thousands of elderly deaths in New York State. Thank you for your attention and prompt response to this important inquiry.

On March 30, 2020, the Center for Medicare & Medicaid Services (CMS) issued guidance "For Infection Control and Prevention of Coronavirus Disease 2019 (COVID-19) in Nursing Homes." This guidance is a blueprint for individual states to follow when determining how to best contain outbreaks of COVID-19 in nursing homes and long-term care facilities. This guidance does not direct any nursing home to accept a COVID-19 positive patient if they are unable to do so safely. In fact, it says "nursing homes should inform any individual who may *would reasonably submit to their facility*, including individuals from hospitals where a case of COVID-19 was a presumptive *only if the nursing home can follow* Centers for Disease Control (CDC) guidelines, guidance.

CMS Administrator Seema Verma said, "Federal law requires that a hospital discharge a patient to a nursing home that is not prepared to take care of that patient's needs. CMS did not mandate COVID-19 positive patients back to nursing homes but, instead, stated that a COVID-19 case at a hospital does not preclude the nursing home from accepting a COVID-19 negative patient.

Memorandum from Cheryl R. Fergus, Director, Quality, Safety & Oversight Group, Center for Medicare & Medicaid Services, to State Survey Agency Directors (Mar. 4, 2020) (on file with House Staff) (emphasis added).

Why is Juan part of the five anyway ? Seems to me he just disagrees for the sake of disagreeing with reality. Every time he does say something intelligent he follows it up with some arbitrary talking point plucked from CNN

As usual, typical msm doesn't say what was happening before the officer took off. If I had a mob of screaming and yelling ppl who were attacking my car I'd gun the motor and shove them aside too! When "protesters" start provoking & attacking the police, what do you expect?

This is the official twitter account of the Democratic National Committee, stating that Mount Rushmore is racist.

Not fringe activists.

The Democrat Party.

It has been wholly infiltrated and corrupted by radical leftists.

Trump has disrespected Native communities time and again. He's attempted to limit their voting rights and blocked critical pandemic relief. Now he's holding a rally glorifying white supremacy at Mount Rushmore — a region once sacred to tribal communities.

I want to ensure that everyone understands the gravity of the situation here.

Hydroxychloroquine worked this whole time.

The media said it would literally kill you if you took it simply because POTUS promoted it as a cure.

Thousands of people likely DIED because of this.

The media's obsession with harming the President literally resulted in thousands of unnecessary deaths.

Not to mention state governors who banned this drug simply out of disdain for the President

I don't think we have ever seen such an egregious misuse of power in our lives

You thought a mask was inconvenient? Wait until you're told that you cannot enter a store without proof of the Covid-19 vaccine. Wait until you cannot go to public events, or travel, without proof of having received this vaccine.

Absolutely. There has to be a downward spiral where people would be willing to pledge allegiance to the anti-Christ & take the mark to buy & sell. We are living in historical times. And soon there will only be 2 sides, no grey area to hide in Choose this day who u will serve

Interesting difference in the Detroit Area of the two Health Systems I follow.

Henry Ford (5 Hospitals), a total of 28 Coronavirus Patients. (They use hydroxychloroquine).

Beaumont (8 Hospitals), 158 Coronavirus Patients with 37 Pending. (They don't use hydroxychloroquine).

It's good to be in Ripon, WI, the birthplace of the Republican Party! In our first 3 1/2 years, President @realDonaldTrump kept every promise he made to the people of the Badger State & with four more years in the @WhiteHouse, he will continue to fight for the American people!

Are you wearing a mask now? Your leader said it was patriotic!

Donald J. Trump @realDonaldTr . · 1h
We are United in our effort to defeat the Invisible China Virus, and many people say that it is Patriotic to wear a face mask when you can't socially distance. There is nobody more Patriotic than me, your favorite President!

In a bipartisan 74-34 vote, the Michigan House has approved a plan to prevent COVID-19 patients from entering our state nursing homes.

The vote, with many Democrats in support, is a forceful rebuke of the governor's reckless nursing home policy. #mileg

According to the left, THIS is okay but going to church, visiting your dying relatives, or sending your kids to school isn't.

Why the double standard?

I appreciate athletes for taking a knee to our national anthem. I thank you.

After a lifetime of enjoying professional sports, I needed your country-hating acts to get final closure. To say goodbye, forever.

To MLB, NBA & the NFL. Adios.

You've received my final penny.

I heard a rumor George Soros has died.

Let me be perfectly clear, this is just a rumor I heard from several unconnected sources. I am making no claims as to its accuracy.

Has anyone heard anything about this?

Donald J. Trump @realDonaldTrump
With Universal Mail-In Voting (not Absentee Voting, which is good), 2020 will be the most INACCURATE & FRAUDULENT Election in history. It will be a great embarrassment to the USA. Delay the Election until people can properly, securely and safely vote???

Pretty sure this is clear violation of campaign finance law and the district could face up to 50,000 fine. Parents and students who just safely want to get back to school deserve more than dirty politics from their teachers.

Vice President Biden just released a remarkable statement about his faith and values, in the face of Trump's attacks today Worth reading in full This is how a leader faces a bully

Statement by Vice President Joe Biden on His Faith

Like so many people, my faith has been the bedrock foundation of my life: it's provided me comfort in moments of loss and tragedy, it's kept me grounded and humbled in times of triumph and joy. And in this moment of darkness for our country of pain, of division, and of sickness for so many Americans my faith has been a guiding light for me and a constant reminder of the fundamental dignity and humanity that God has bestowed upon all of us

My wild children mask up just fine. Buy cool patterns, make it fun, explain that they're protecting people just like their favorite superheroes. This isn't rocket science. You're a disgrace to my hometown

Your poor babies. Using politics to scare them. Kids don't get sick or spread this virus, keep telling yourself you're a good mom.

Diane Hallinen, MD @hallinendiane · 13h

You are mistaken, children are vectors of SARS-CoV-2. Would you like references that prove this? MIS-C is a well documented potentially lethal complication of COVID in children. Rare, but we do not know if undetected cases cause permanent damage yet.

What is wrong with people s that they behave n such a way that puts others at risk of catching a potentially deadly d sease It is a matter of respect t is a duty to your fellow citizens. If your children are n enclosed public spaces without a mask, you are behaving badly

There s plenty of room from the angles shown on TV. I'd like to see Bill Clinton carved up there, he's by far the best president in our lifetime if we are to be fair based on accomplishments/meritocracy, politics aside.

Michigan's healthcare heroes deserve legal protections for their work during this pandemic and for keeping us safe. The governor turned her back on them today with her veto of SB 899 without any justification. This is her petty, political game and our healthcare workers lost.

Remember the few Republican politicians who bailed on @realDonaldTrump in 2016 looking for attention and approval? (I do!) We've seen this movie before. They were wrong in 2016, and they'll be wrong again in 2020. Sorry, but Michigan stands with Trump!

Amazing work by @MIRSnews demonstrating that since June most MI Covid deaths have been in nursing homes.

Yet Whitmer will not change the anti-science policy that lends itself to these numbers.

If there has been an increase in cases in your jurisdiction since the last report, please indicate possible reason(s) for the increase using the list below. For each item on the list that applies to your situation choose the number of facilities where outbreaks are occurring from the dropdown menu. If an item below does not apply choose "0" from the dropdown menu. For example, if your health department is seeing an increase of cases due to outbreaks in 3 nursing homes, you would choose "3" from the dropdown menu next to long term care facilities.]

The MHSAA is requiring that Michigan children participating in outdoor sports wear masks. Tennis. Cross country. Soccer. Golf. (You get the point.) Let me be clear: this is absolutely crazy. Wild! Is this their own directive or an order from the Governor? I'd love to find out.

Trump is going to win Michigan.

Here's why: in 2016 & 2018, the RCP Dem average was always spot on the money- but *every undecided vote* went Republican both cycles

So, if the Dem came into Election Day leading 48-43 in MI on the RCP avg, they would lose 48-52.

Just in case, someone saw the fox poll today, which showed Biden ahead by 5 in OH, the poll was unweighted. Here is the weighted and adjusted result:

I guess this is the Democrat's plan and why they're pushing so hard for mail in ballots. Also, probably why Joe Biden doesn't feel the need to actually campaign.

DOJ has to get involved as the leftists running some of these states won't do anything about it.

Along comes Libera Operative #4, named John. styling himself as an ndependent expert (spo.ler alert: he's a Whitmer lawyer!) professing himself shocked. SHOCKED, that libera s could behave so bad y. He bangs h.s spoon on his high cha r tray and demands an nvestigation.

Why “despite”? You honestly think that people assumed the President is untouchable? Some people are just not afraid. People who are afraid should stay home. The rest of us will probably eventually get Covid and hopefully be fine. Odds are good.

I've gotten to the point now where I am meeting multiple #WalkAway voters daily, when out canvassing-many which had voted 2 times for Obama.

I refuse to believe the polls. The Silent Majority is waking up, and enthusiasm is growing STRONGER for President @realDonaldTrump

You and your colleagues who have been gathering in large groups without masks are a risk to our district. You should get tested tomorrow and quarantine for 14 days from your last gathering. Given that Ronna M is now +, I would not be surprised if you are a contact.

Statement from the Trump campaign

"All previously announced campaign events involving the President's participation are in the process of being moved to virtual events or are being temporarily postponed. In addition, previously announced events involving members of the First Family are also being temporarily postponed. All other campaign events will be considered on a case-by-case basis and we will make any relevant announcements in the days ahead. Vice President Mike Pence, who has tested negative for COVID-19, plans on resuming his scheduled campaign events. Any further information about the President will come from the White House."

Excellent advice - Don't be afraid ❤️

Donald J. Trump @realDonaldTrump

I will be leaving the great Walter Reed Medical Center today at 6:30 PM. Feeling really good! Don't be afraid of Covid. Don't let it dominate your life. We have developed, under the Trump Administration, some really great drugs & knowledge. I feel better than I did 20 years ago!

News. Republicans who control the Mich. Legislature have spent about $542,000 to sue Democratic Gov. Gretchen Whitmer over her use of emergency powers during the coronavirus pandemic. The figure was released to Progress Michigan, a liberal watchdog group that requested it.

Whitmer clearly owes our treasury reparations.

Then she can start paying business owners back for THEIR losses as well. Wouldn't you agree?

TRUMP PENCE
MAKE AMERICA GREAT AGAIN!
2020

- October 8, 2020 -

Trump campaign statement on unilateral decision of the Commission on Presidential Debates

"President Trump won the first debate despite a terrible and biased moderator in Chris Wallace and everybody knows it. For the swamp creatures at the Presidential Debate Commission to now rush to Joe Biden's defense by unilaterally canceling an in-person debate is pathetic. That's not what debates are about or how they're done. Here are the facts. President Trump will have posted multiple negative tests prior to the debate, so there is no need for this unilateral declaration. The safety of all involved can easily be achieved without canceling a chance for voters to see both candidates go head to head. We'll pass on this sad excuse to bail out Joe Biden and do a rally instead."

Does anyone else find it awfully coincidental that the morning after Mike Pence destroys Kamala Harris in a debate that the "debate commission" unilaterally changes the format to obviously benefit Basement Biden?

The plot to attack legislators and the Governor was evil. These terrorists should be prosecuted swiftly. And we won't overcome this by pointing fingers or assigning blame. Let's come together. Let's be one voice. Let's send a message: violence will not be tolerated in America.

These people are disgusting & their actions are vile & unacceptable. They don't speak for Republicans. They don't speak for Democrats. They don't speak for gun owners. They hate Trump. They hate Whitmer. So we can only overcome this by a unified message. Let's send it together.

Governor, we need to cooperate more A better message needs to be sent And now that a couple days has gone by since the plot to attack us both has passed, there are several points that I believe need to be made and questions that need to be asked (1/7)

Why weren't we warned of the plot to take hostages at the Capitol? The plot by these terrorists was against us too. Why weren't House sergeants warned? You knew and we weren't even given a warning. We had people working in the building and their lives matter too. (2/7)

I've been critica of many of your dec sions th s year I admit. It's important we have these debates It makes us stronger It ensures all voices of our state are heard. But we need to do it the right way Blanket blame is wrong. It divides and causes more partisan strife (5/7)

I would never vote for Trump, who is despicable. But I'm almost certain to stay home rather than associate myself with a man who won't take Court packing off the table. Those of you who are defending Biden's behavior had better hope I'm the only one who feels this way

Wearing two masks inhibits your oxygen intake and isn't recommended. It makes it harder to breathe. They'd design thicker masks if it was even necessary. It is sad to see some medical experts destroying their reputation to defend Biden for forgetting he already had a mask on

I have said for the last three years that Democrats have gotten clever enough to teach black Americans to segregate themselves.

The fact that Biden is in Southfield/Detroit is a clear indication that the safe black vote in Wayne county is slipping away. If he was on the offense, he would have gone to macomb county. Biden's internals are far worse than anybody in the media (incl Fox) is talking about

Oh you poor little "invisible" girls are all scared of big bad mean boys 😂 pretty sure your Governor just incited people to "86" a sitting President. You know, commit violence against.

> **Eighty-six**, **eighty-sixed**, **86ed**, or 86**'d** is American English slang for canceling something, killing someone, getting rid of something (by burying it), ejecting someone, or refusing service.

It's so cute how you constantly use the word "character". Completely ignoring the definition of that word in the leaders YOU fight for. I'm guessing you have daddy issues.

> **Jennifer 'Vote Early' Rubin** @JRubinBlogger

Yeah because Americans are reassured by a woman who thinks a 'stutter' is a sign of cognitive decline or a President who uses addiction in Biden's family to imply he is not presidential material.

Weird how Biden was always such a sharp and fast thinker before but now it's a "stutter" 😂 And pretty sure that Hunters "addiction" is the last thing we have concerns about. It's hookers, his niece, and millions made using the Biden. #BidenCrimeFamiily

Detroit election officials are currently refusing to let the public observe the counting process at the TCF center.

They have padlocked the doors.

This is a disgrace to the democratic process.

Michigan law requires you get credentialed in advance. like many your party did And for counting, you must be in there by the start of the day and aren t supposed to leave until counting is done It's called "law and order "

They have yet to win anything.

Dan Bongino @dbongino

The Dem gloating going on is really fascinating to watch.
They lost a bunch of critical House seats. They failed to take the Senate. It's the end of the week & Biden still hasn't won anything. And key states are hanging by a thread as their "coalition" has completely collapsed.

The Maddocks appear to be on a mission to increase local transmission of the Coronavirus. They personally host and promote superspreader events and discourage public health measures like wearing masks. I'm not surprised, but am disappointed, that Matt won, he didn't deserve to.

Statement from President @realDonaldTrump

TRUMP PENCE
MAKE AMERICA GREAT AGAIN
2020

November 7, 2020

Statement from President Donald J. Trump

We all know why Joe Biden is rushing to falsely pose as the winner and why his media allies are trying so hard to help him: they don't want the truth to be exposed. The simple fact is this election is far from over. Joe Biden has not been certified as the winner of any states, not among any of the highly contested states headed for mandatory recounts, or states where our campaign has valid and legitimate legal challenges. No one could determine the ultimate victor in Pennsylvania, for example, our legal observers were not permitted meaningful access to watch the counting process. Legal votes decide who is president, not the news media.

Beginning Monday, our campaign will start prosecuting our case in court to ensure election laws are properly upheld and the right winners seated. The American people are entitled to an honest election: that means counting all legal ballots, and not counting any illegal ballots. This is the only way to ensure the public has full confidence in our election. It remains shocking that the Biden campaign refuses to agree with this basic principle and wants ballots counted even if they are fraudulent, manufactured, or cast by ineligible or deceased voters. Only a party engaged in wrongdoing would unlawfully keep observers out of the count room, and then fight in court to block their access.

"So what is Biden hiding? We will not rest until the American People have the honest vote count they deserve and that Democracy demands."

Statement from President Donald J. Trump

"We all know why Joe Biden is rushing to falsely pose as the winner, and why his media allies are trying so hard to help him: they don't want the truth to be exposed. The simple fact is this election is far from over. Joe Biden has not been certified as the winner of any states, let alone any of the highly contested states headed for mandatory recounts, or states where our campaign has valid and legitimate legal challenges that could determine the ultimate victor. In Pennsylvania, for example, our legal observers were not permitted meaningful access to watch the counting process. Legal votes decide who is president, not the news media.

"Beginning Monday, our campaign will start prosecuting our case in court to ensure election laws are fully upheld and the rightful winners seated. The American People are entitled to an honest election that means counting all legal ballots, and not counting any illegal ballots. This is the only way to ensure the public has full confidence in our election. It remains shocking that the Biden campaign refuses to agree with this basic principle and wants ballots counted even if they are fraudulent, manufactured, or cast by ineligible or deceased voters. Only a party engaged in wrongdoing would unlawfully keep observers out of the count room, and the right in court to block their access.

"So what is Biden hiding? I will not rest until the American People have the honest vote count they deserve and that Democracy demands."

The election isn't over until all legal votes are counted and certified. There are still serious legal challenges that have been made, and until that process is resolved, the election is not final.

The American people deserve a fair and transparent process.

One of the GOP's best things is to give up "with dignity."

We have so much dignity from giving in we should have our own towel.

@realDonaldTrump changed all that.

Sarah Longwell @SarahLongwell25 29 Min.

Don't see the upside to Trump and R's strategy of dragging out acknowledging Biden's victory. They must know that, even if (if!) some minor fraud exists, it won't change the result. And recounts and litigation will just further cement Biden's position. Why keep reliving the loss?

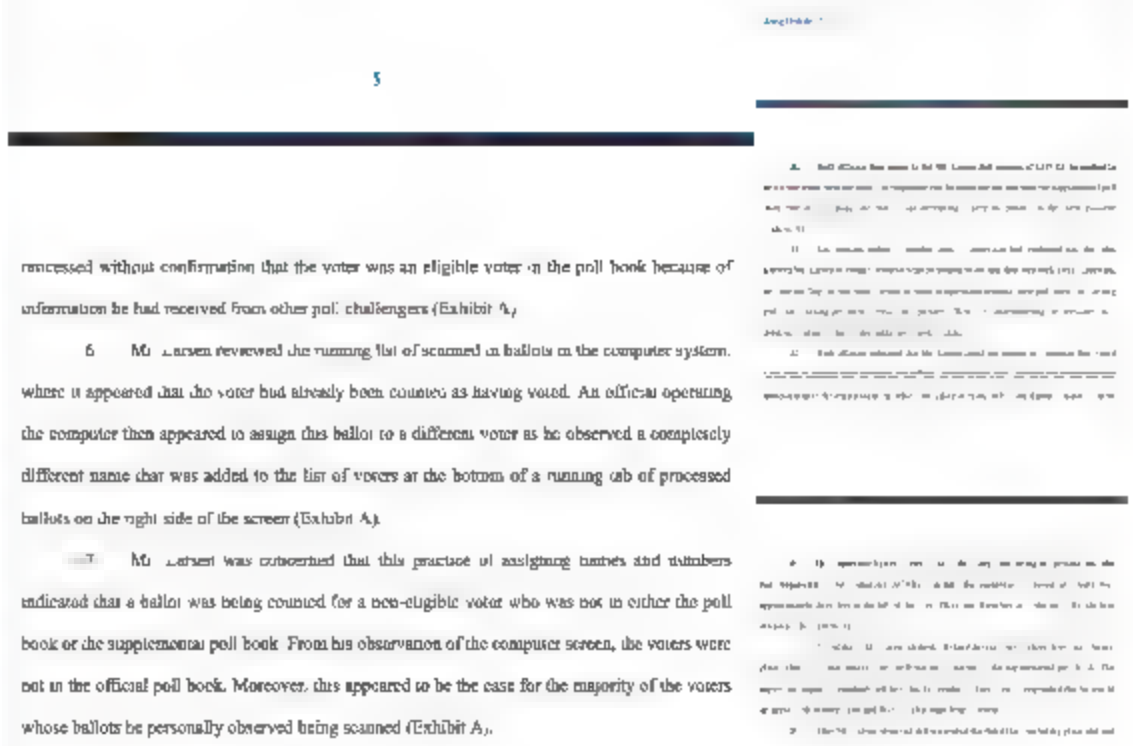
Read this sworn affidavit from GOP poll challenger, and former Assistant AG for Michigan, Zachary Larsen, on the alleged fraud he observed in Detroit. This is Third World stuff, and every American should be outraged if these allegations are true greatlakesjc.org/wp-content/upl …



rescessed without confirmation that the voter was an eligible voter on the poll book because of information he had received from other poll challengers (Exhibit A).

6. Mr. Larsen reviewed the running list of scanned in ballots on the computer system, where it appeared that the voter had already been counted as having voted. An official operating the computer then appeared to assign this ballot to a different voter as he observed a completely different name that was added to the list of voters at the bottom of a running tab of processed ballots on the right side of the screen (Exhibit A).

7. Mr. Larsen was concerned that this practice of assigning names and numbers indicated that a ballot was being counted for a non-eligible voter who was not in either the poll book or the supplemental poll book. From his observation of the computer screen, the voters were not in the official poll book. Moreover, this appeared to be the case for the majority of the voters whose ballots he personally observed being scanned (Exhibit A).

259 Not President elect

Ned Ryun @nedryun

Just in case you were wondering, RCP has thrown PA into the undecided column today so as of tonight Joe Biden has 259 EVs. Or as some would like to say, NOT President Elect. realclearpolitics.com/elections/live

"There is no proof of voter fraud!"

Check out this affidavit from a Detroit, MI Official

"I was instructed by my supervisor to adjust the mailing date of these absentee ballot packages to be dated earlier than they were actually sent."

GREAT LAKES JUSTICE CENTER

5 I worked at the election headquarters for most of September and I started working at a satellite location for most of October 2020.

6 I processed absentee ballot packages to be sent to voters while I worked at the election headquarters in September 2020 along with 70-80 other poll workers. I was instructed by my supervisor to adjust the mailing date of these absentee ballot packages to be dated earlier than they were actually sent. The supervisor was making announcements for all workers to engage in this practice.

7 At the satellite location, I processed voter registrations and issued absentee ballots for people to vote in person at the location.

8 I directly observed, on a daily basis, City of Detroit election workers and employees coaching and trying to coach voters to vote for Joe Biden and the Democratic party. I witnessed these workers and employees encouraging voters to do a straight Democrat ballot. I witnessed these election workers and employees going over to the voting booths with voters in order to watch them vote and coach them for whom to vote.

9 During the last two weeks while working at this satellite location, I was specifically instructed by my supervisor not to ask for a driver's license or any photo ID when a person was trying to vote.

10 I observed a large number of people who came to the satellite location to vote in-person, but they had already applied for an absentee ballot. These people were allowed to vote in-person and were not required to return the mailed absentee ballot or sign an affidavit that the voter lost the mailed absentee ballot.

11 Whenever I processed an absentee voter application or in-person registration, I was instructed to input the person's name, address, and date of birth into the Qualified Voter File

So "historian" Jon Meacham wrote Biden's speech and then went on MSNBC and "analyzed" it without saying a word about the fact that he was the author. I believe his verdict on the speech was mostly positive!

The legislative investigation into our elections isn't about being Republican, Democrat or changing results. There are simply too many reports of irregularities for us to ignore. This is about giving peace of mind and upholding what makes America unique. We should all want that.

Invalidate Dominion states. Once neither candidate can reach 270, the 12th amendment kicks in. Our Constitution is a beautiful thing!

50 states 50 verifiable votes May the best candidate win!

With less than 100k decisive votes out of 150 million this needs to go to congress.

Joe Biden's pick for HUD Secretary is Rep. Marcia Fudge, who wrote this letter in 2015 in support of a judge who beat his wife so bad she needed reconstructive plastic surgery. She called him "a good man who made a bad mistake."

He stabbed his wife to death three years later.

August 9, 2015

Cuyahoga County Prosecutor's Office
Timothy J. McGinty
The Justice Center, Courts Tower
1200 Ontario Street, 9th Floor
Cleveland, Ohio 44113

Dear Mr. McGinty:

Re: Lance T. Mason

This letter of support, on behalf of Lance T. Mason, comes as a result of more than 20 years of friendship.

Most assuredly, I am deeply saddened and disappointed at where we find ourselves today. The behavior Lance displayed on August 2, 2014, is out of character and totally contrary to everything I know about him.

I commend Lance for immediately recognizing that he needed help and entered counseling which continues as of this writing. Further he is working diligently to find a way to face what he has done to his family and his reputation.

Lance accepts full responsibility for his actions and has assured me that something like this will never happen again.

The Lance T. Mason I know is a kind, intelligent man and loyal friend. The Lance T. Mason I know is an advocate for the people of his community. Whether as a County Prosecutor, State Senator or Common Pleas Judge. He is well respected and well liked.

Lance Mason is a good man who made a very bad mistake. I can only hope that you can see in Lance what I and others see.

I thank you for your consideration in this matter.

Sincerely,

Marcia L. Fudge

🚨President @realDonaldTrump Moves to Intervene in Texas Supreme Court Case

> Donald J. Trump, in his personal capacity as candidate for re-election as President of the United States, today moved to intervene in the Texas v. Pennsylvania, et. al. action at the United States Supreme Court. The President intervened because his rights as a candidate are affected by the Defendant States' failure to follow and enforce state election laws during the 2020 election.
>
> The Trump campaign issued the following statements.
>
> "I'm honored that the President asked me to represent him in this matter. I think his intervention in this case strengthens an already very strong original action by the state of Texas."
>
> - John C. Eastman, Counsel of Record for President Trump

The single most important action Gov Whitmer can take to help thousands of unemployed workers & struggling businesses is to lift her current stay-at-home/business shutdown order. She didn't do that today. Instead she held yet another press conference.

Why is the USA Total Death Count so much lower THIS year?

The #FakeNews would have us believe there are an additional 250,000 extra deaths due to #ChinaVirus #COVID19 - but it just isn't true.

People can NOT believe what they see and hear from the MSM.

US Deaths
PER YEAR

2015, a total of 2,712,630

2016 a total of 2,744,248

2017 a total of 2,813,503

A federal judge just blocked two Georgia counties from purging their voters rolls of potentially ineligible, out-of-state, or dead voters.

The judge's name? Stacey Abrams' SISTER —Leslie Abrams Gardner.

Josh Hawley @HawleyMO 30. Dez. 2020

Millions of voters concerned about election integrity deserve to be heard. I will object on January 6 on their behalf

Hawley Statement On Objecting During Electoral College Certification Process on Jan. 6

"Following both the 2004 and 2016 elections, Democrats in Congress objected during the certification of electoral votes in order to raise concerns about election integrity. They were praised by Democratic leadership and the media when they did. And they were entitled to do so. But now those of us concerned about the integrity of this election are entitled to do the same.

"I cannot vote to certify the electoral college results on January 6 without raising the fact that some states, particularly Pennsylvania, failed to follow their own state election laws. And I cannot vote to certify without pointing out the unprecedented effort of mega corporations, including Facebook and Twitter, to interfere in this election, in support of Joe Biden. At the very least, Congress should investigate allegations of voter fraud and adopt measures to secure the integrity of our elections. But Congress has so far failed to act.

"For these reasons, I will follow the same practice Democrat members of Congress have in years past and object during the certification process on January 6 to raise these critical issues."

Millions of voters concerned about election integrity deserve to be heard. I will object on January 6 on their behalf

Hawley Statement On Objecting During Electoral College Certification Process on Jan. 6

"Following both the 2004 and 2016 elections, Democrats in Congress objected during the certification of electoral votes in order to raise concerns about election integrity. They were praised by Democratic leadership and the media when they did. And they were entitled to do so. But now those of us concerned about the integrity of this election are entitled to do the same.

"I cannot vote to certify the electoral college results on January 6 without raising the fact that some states, particularly Pennsylvania, failed to follow their own state election laws. And I cannot vote to certify without pointing out the unprecedented effort of mega corporations, including Facebook and Twitter, to interfere in this election, in support of Joe Biden. At the very least, Congress should investigate allegations of voter fraud and adopt measures to secure the integrity of our elections. But Congress has so far failed to act.

"For these reasons, I will follow the same practice Democrat members of Congress have in years past and object during the certification process on January 6 to raise these critical issues."

Nothing patriotic about an effort to overturn the will of American voters.

Then again, MAGA did repeatedly state that they consider Confederate generals to be patriots, so you can understand their confusion

The prayer to open the 117th congress ended with “amen and a-woman.”

Amen means “So Be It” in Latin.

It isn’t a gendered word but that didn’t stop them from being insane.

Is this what you voted for?

After serious thought and consideration, I will not vote to certify the election. I believe there are critical questions that need to be answered concerning our Presidential election.

Until we have resolved the issues surrounding voting irregularities, ballot integrity and security, and the implementation of state election laws, I cannot, in good conscience, uphold the oath I took to protect and defend our constitution by voting to certify the election.

Voting is the most important duty we exercise in a republic. By my objection to certify the election, I am safeguarding the sanctity of each vote.

President-elect Joe Biden deserves to enter his Presidency without this cloud hanging over him. President Trump deserves answers, and most importantly, the American people deserve to have their confidence in our elections restored.

There are over 50 reports now of armed men holding children hostage while their parents were forced to vote for you all over your district. Several people report being told it was part of your campaign.

We MUST investigate this claim to remove any cloud over your head.

Thank you. I have so many questions as well. If Biden won fair and square then I'm good with that. But Biden should welcome and promote transparency and he has done anything but.

How much transparency is needed? When will the recounts and audits end? Is it once GA "finds" the 11,780 votes? Why is it 2020 we endlessly looked at every vote but not any other year was such transparency demanded?

No. Nope. There is zero evidence. The courts have shown this again and again and again. This stance is entirely undemocratic. Seeking to overturn the will of the people in a free and fair election because of a sore loser? No. I'm ashamed of you.

If you do this, you had better also publicly state that EVERYONE elected on the same ballot should also not be seated. Every congressperson. That is the exact same logic. It's utterly ridiculous.

According to Speaker Pelosi, healthy Americans must wear masks, close their small businesses, and stay home at all times.

But a Democrat who tested positive for COVID-19 can travel to DC, vote on the House floor, and is deemed "essential" just to keep Nancy Pelosi in power.

Ok, you seem to be struggling to get this. We'll make it simple.
Joe Biden needed 270 Electoral votes to win.
And he got 304.
Which number is bigger?
Glad you asked.
304 > 270
See? So simple.
And that's why you lost!

Candace Owens @RealCandaceO 12 Std

I've never shared this story but my mother tells me that when I was two years of age, I looked up to her and my father with bright eyes and uttered my first full sentence:

"Fwee at last. fwee at last, thank God almighty, we're fwee at last"

Thus. #BLEXIT was born.

Irony. Celebrating someone who refused to concede a race she lost while condemning @RealDonaldTrump for the same. @GovWhitmer is a typical hypocrite, turning a blind eye to the dangerous undermining of our institutions or condemning them only when it's politically convenient.

The Democrats controlled the House, the Senate and the White House for the first two years of Barack Obama's presidency.

They overreached then - and their party is even more Left today.

Rest up and get ready to fight back.

I condemn the violence and breaching of the capitol in the strongest possible terms. The rally was supposed to be a peaceful event and people who broke the law should be held accountable. I am horrified by the death of the young woman and pray for the healing of our nation.

Let me be clear, the events in our nation's Capital this week were both incredibly tragic and wrong. People were misled. And that resulted in death and destruction. That is unacceptable and abhorrent.

I believe in a Republican Party that shares a belief in our Constitution, where the Rule of Law prevails over the whims or dictates of a man or mob. I think we win the contest of ideas with better arguments, stronger solutions, and real-world policies.

We will not succeed with violence.

We can have different perspectives yet unite for a common cause. We win through addition rather than subtraction. We win by standing for timeless principles, traditions, norms, and values, and we advocate for those values by practicing them.

Here is my statement on the baseless allegations Laura Cox has made in a desperate attempt to smear my name.

"During my time as party chair, we were successful in turning the Upper Peninsula permanently red and, with Stan Grot's help, we organized record turnout in Macomb County. As a result, Northern Michigan and Macomb are now the strongest Republican areas in the state. I proudly declined a chairman salary, which allowed the party to hire regional organizers, and we will grow that program to increase our numbers in other regions of the state in 2022.

Laura Cox's baseless allegations are a desperate attempt to smear my name, based on a longstanding political grudge, and her inability to hold onto the job of party chair that she could not keep on her own merits. The contract in question was drafted by counsel, and I relied on that counsel. What's more, Laura's false allegations have been reviewed by former Chief Justice Robert P. Young Jr. of the Michigan Supreme Court, who has also consulted with other legal experts, and they all agree there have been no violations. Laura has known about these issues for the past two years and, had there been any violation, which there wasn't, she would have compounded the problem and she would have been liable. Furthermore, Laura appointed Grot as chair of the budget committee, putting him in charge of the party's finances, undermining her entire assertion.

I'm disappointed by Laura's shameful attempt to destroy our party with unfounded and reckless conspiracy theories so that she can get back in the chair's race and save her paycheck. We must focus on our party and our future. As such, I have started putting together a staff and a plan to win in 2022."
